

*The Sampson Arts Council invites you to join us for a two day oil painting workshop!*

## *Oil Painting with Lila Rose Kennedy*

**May 11 & 12, 2018**

**9:00am – 4:00pm**

**Victor R. Small House - Clinton, NC**

**Skill Level: Adult - All Levels**

Explore oil painting using the “alla prima” method, a fancy term meaning working wet paint into wet paint! Employing this method creates works that are fresh and spontaneous looking. We will learn to apply paint in basically three steps atop an underpainting, working thinly and abstractly to start. We will discuss and practice using sound value structure and proper color temperatures to build depth and form in our work. This is a two day intensive workshop to enhance our oil painting skills, coming away with one quick 8x10 and a more involved 9x12 canvas. Sign up now for this fun and informative opportunity!

### **About Rose:**

*“Having worked for eighteen years with an art publisher/licensing agency, I now enjoy the expressiveness and freedom of creating original paintings inspired by observing life and nature and an innate drive to create these visual representations. I have attended numerous workshops with nationally renowned artists and have taken the techniques learned from these experiences and developed my own personal and recognizable style of painting. My paintings are vibrant and intriguing, reflecting nature as I see it. My goal is to draw the viewer into the moment, eliciting the emotional response of a particular point in time, whether it is the serenity from the warm glow of morning, or the sparkling playfulness of light and shadow as the day transitions into evening. My work is included in both private and corporate collections, and I am a featured artist in the publication Painting North Carolina, A Visual Journey. Memberships and affiliations include the Southeastern Pastel Society, Piedmont Pastel Society, Oil Painters of America and Women Painters of the Southeast. I am an exhibiting member at Cape Fear Studios in Fayetteville, NC, maintaining a working studio space there. I also work from my home studio, situated on the family farm in southeastern North Carolina.”*
